

INTERNSHIP FINAL REVIEW

Glabbbr's Knyo

By Amar Kumar
(CED17IO29)

Problem Statement

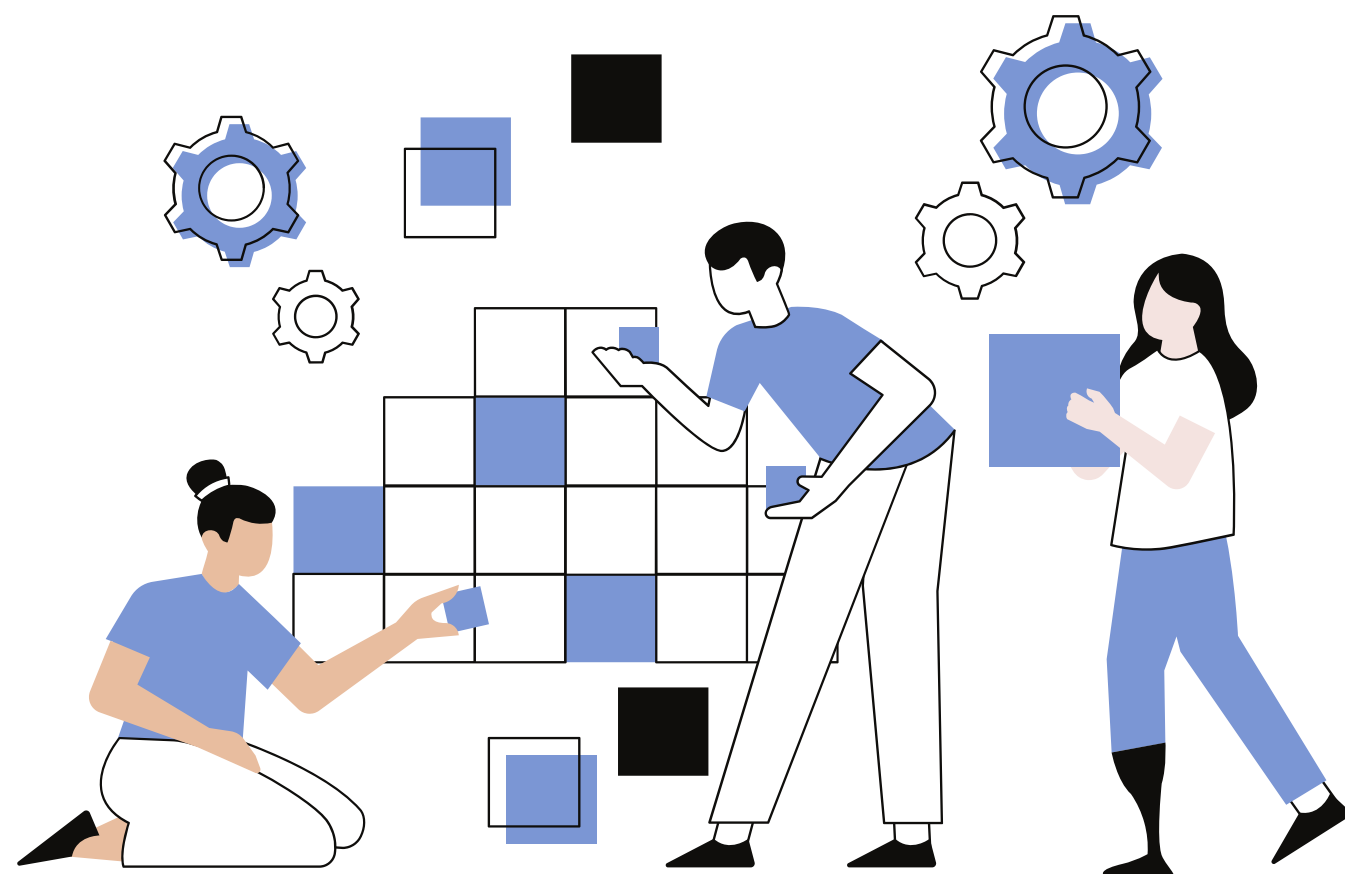

Make a platform where companies can manage product design and manufacturing data effectively by offering them a user-friendly platform which is meant to store details about a product along with its cad model or images as well as any kinds of documentation about the products.

Objectives

- Understand the pre-existing applications, study them extensively to understand their weakness and try to resolve those issues in our product.
- Write the appealing and easy to understand and manage backend
- Design an appealing and user friendly UI for the frontend which would enable users to easily achieve their tasks.

PRODUCT DEVELOPMENT
 SPEED TESTING PARTNERS TOOLING
 CONCEPT PRICING PACKAGING
 MATERIALS INNOVATION REVISIONS PROTOTYPE ENGINEERING
 COMPETITION SWOT DELAYS CNC
 TRUST PATENT
 HIGH-COSTS FEEDBACK DESIGN
 3D CAD
 FAILURE
 STRATEGY TECHNICAL
 PROCESS FEATURES SAMPLES
 Frustration

CUSTOMER EXPERIENCE
 PURCHASE CULTIVATION AWARENESS SUCCESS
 BUSINESS INTERACTION RATES ATTRACTION SUPPLIER
 SERVICES SATISFACTION
 LOYALTY MANAGEMENT ADVOCACY
 RELATIONSHIP USE
 DISCIPLINE COMPANY DISCOVERY

Work Done

The image shows a web application interface for 'Knyo'. At the top, there's a browser window with multiple tabs and a dark address bar showing the URL 'https://app.sandbox.knyo.cloud/document'. The application header features the 'knyo' logo on the left and user controls (language 'EN', site 'abcd', actions menu, and profile) on the right. A left sidebar contains a navigation menu with items like 'Account', 'IAM', 'Sites & Projects', 'Parts', 'Bill of materials', 'Documents', 'Suppliers', and 'Customers'. The main content area is titled 'Documents' and includes a 'New Document' button. It displays a list of documents in a table with columns: Name, Document Number, Created Date, Created by, and Description. The table lists two folders: 'folder_3' and 'folder_1'. A bottom status bar shows a left arrow, the text 'Abc', the copyright notice '© 2021 Glabbr Technologies Pvt. Ltd.', and the 'glabbr TECHNOLOGIES' logo.
